CARDINAL GIBBONS DIES RESULT OF LONG ILLNESS

HEAD OF CATHOLIC CHURCH IN AMERICA SUMMONED, AGED 86 YEARS

BALTIMORE, Md., March 24.—James Cardinal Gibbons is dead.

The head of the Catholic church in America passed away today after a long illness.

The cardinal had been in poor health since last December. He rallied during the latter part of February and apparently was on the road to recovery when a sudden turn for the worse came last week and all hope for his recovery was given up. Death claimed the aged prelate at 11:35 a. m. today.

The final stage of the cardinal's illness began on Sunday. He had recovered sufficiently to move about the home and even go outside. He became very much weaker on Sunday and was unable to leave his bed. His heart action became alarmingly weak and his temperature fell on that day.

Death Expected Any Time

Since that time his physician, Dr. Charles O'Donovan, has been in almost constant attendance, but it was felt that the cardinal could not again manifest the remarkable recuperative powers which he showed several months ago. His death had been expected at any time since Sunday.

Cardinal Gibbons was born in Baltimore, July 30, 1834. He was the son of Thomas and Bridget Gibbons and was one of six children, three boys and three girls. The cardinal's father was an Irishman who with his wife came to America shortly after his marriage.

When James Gibbons was three years old the family returned to Ireland, where the father took up farm-

Priaulx, commander; Dan Campbell, generalissimo; George Moyse, captain general; Dr. V. R. Hogue, senior warden; Robert Grumbling, junior warden; I. W. Wernette, sword bearer; W. W. Worley, standard bearer; Mark T. Lee, warder; C. H. Ravenscroft, sentinel; C. C. Rittenhouse, recorder; past commanders of Glendale Commandery, Clem L. V. Moore, Charles Peckham, David Crofton, Mattison B. Jones and E. K. Daniels.

Japanese Are Held; Smuggling Suspected

EL CENTRO, Calif., March 24.—Six Japanese, believed to have been smuggled across the international border close to Mexicali, were captured near Brawley today while heading toward Los Angeles.

Immigration inspectors in charge of Oscar Humphreys seized the Japanese and lodged them in the El Centro jail.

Various similar recent captures lead officials to believe there is in progress a recrudescence of a plan to smuggle hundreds of Asiatics into the United States. Five illegal entries of Chinese were said to have been discovered today.

Water Fall Dashes Into Sunken Garden Mid Changing Scenes

A rippling waterfall dashing down into a sunken garden.

Would that they were in your own front yard?

And it is the purling spring water of Verdugo canyon, the year-round babbling brook from which flows Glendale's winter supply.

You should see this scene of beauty described to appreciate it.

W. H. Joplin, a retired business man from Cleveland, Ohio, owns the home, located at 116 Camulos drive in Verdugo Woodlands near Canada boulevard on the Glendale and Montrose railway line.

Mr. Joplin made the miniature cascade from the rocks to be found in abundance in La Crescenta valley, having done the work during the past week. He is developing the gardens, which abound with calla lilies and narcissus and fern.

"Money could not lure me from this garden spot in Glendale," said Mr. Joplin. "The kaleidoscopic panorama presented by the mountains by the ever changing atmospheric conditions make me wonder morning, noon and night that the whole world doesn't turn its eyes here for a rest from the crowded eastern centers of population."

She Speaks Right Up

In speaking of the program at the forum banquet at the high school cafeteria tonight, Miss Isabel Teasdale, assistant to Secretary James M. Rhoades at the Chamber of Commerce headquarters, stated that there would be a discussion of the municipal issues to be voted on March 29.

"A free-for-all?" she was asked.

"No, a dollar a plate," she replied.

EASTER PROGRAM TO BE FEATURED BY EASTERN STAR

SPECIAL EVENTS AND SOCIAL HOUR PLANNED; B. F. BOURNE IS WORTHY PATRON

Eagle Rock chapter, Order of the Eastern Star, of which B. F. Bourne of this city is worthy patron, will have an Easter program and social hour following its regular business session in the Masonic Temple, Central avenue, Eagle Rock, next Monday night.

The program is in charge of Marie L. Hansen, who is employed as cashier at the Acme store, Glendale. One of the numbers will be a vocal solo by Miss Dorothy Morton of this city.

It is expected that a large number of the members of Glen Eyrie will visit the Eagle Rock chapter at this time.

Committee To Meet In H. A. Brown Home

The executive committee for the coming state Christian Endeavor convention meets this evening at the home of Howard A. Brown, 406 North Maryland avenue, to make further plans for the big event to be held here June 25 to 29.

Harry M'Lean Is Killed Result Brawl

BOSTON, Mass., March 24.—Larry McLean, former catcher for the Cincinnati Reds and New York Americans, was shot and killed late today during a brawl in a soft-drink establishment here.

MONTHLY DINNER TO BE HELD AT HIGH SCHOOL TONIGHT BY C. OF C.

Tonight at the Glendale Union High school cafeteria the forum of the Chamber of Commerce will hold its monthly evening banquet. Municipal issues at the coming special city election, March 29, will be the subject for general discussion and special speakers on the civic center, parks, water and warehouse bonds will appear. Attorney W. E. Evans will preside.

The proposed freeholders' charter also will be talked over by the many members who attend. If you have not made reservations for the dollar dinner, do so at once by phoning the Chamber of Commerce headquarters, Glendale 1262.

A meeting of the industrial committee, which was announced yesterday by W. E. Hewitt, chairman, for this noon, was postponed this morning on account of a quorum being unable to attend.

EXCELLENT WORK BY TWO CHOIRS IN 'CRUCIFIXION'

GREAT CREDIT IS DUE ALL WHO TOOK PART; TO BE REPEATED TOMORROW

Something unusual but very beautiful in the way of a musical event was presented to the people of Glendale last night at the Congregational church when the combined choirs of that church and St. Mark's Episcopal church gave the oratorio of Stainer's "The Crucifixion." The solo work was splendid and the chorus singing was all that one could wish for. Much credit is due to the untiring efforts of D. Ripley Jackson, who patiently drilled and directed the production of this ambitious work.

One of the features of the oratorio was the double quartette, which included Mrs. Mabel Capell and Miss Nellie Williams, sopranos; Mrs. A. M. Draper and Mrs. Charles A. Parker, contraltos; Charles Comfort, tenor; Jesse Burson and A. M. Draper, bass. The tenor solos by Charles Comfort and D. Ripley Jackson were most excellent.

Mrs. Charles A. Parker sang the offertory selection "He Was Despised" from "The Messiah," which was very beautifully rendered.

Members of Combined Choirs

The combined choirs included Miss Martha Meyers, Miss Minola Budd, Miss Katherine Delgardo, Miss Eileen Sullivan, Miss Ruth Wilson, Miss Gertrude Champlain, Miss Veach, Miss Louise Ayala, Miss Nellie Williams, Mrs. C. A. Parker, Mrs. Mabel Capell, Mrs. Corre, Mrs. Holbrook, Mrs. Campbell, Mrs. John Cotton, Mrs. A. M. Draper, Mrs. L. G. Scharnikow, Mrs. Hopkins, Mrs. Jones, Mrs. H. L. Bullinger, Jesse Burson, A. M. Draper, Charles Comfort, C. E. Ringquest, C. J. Seubert, Al Sullivan, Bob Sullivan, Kenneth Jackson, Ralph Goodman, George Russ, H. W. Yarick, L. P. Abell and D. Ripley Jackson.

Repeated Tomorrow Night

Mrs. Charles A. Parker is the director of the Congregational church choir and D. Ripley Jackson of the Episcopal choir. The latter directed the efforts of the combined choirs.

Mrs. Joseph Kitt, organist of St. Mark's Episcopal church, was the accompanist.

The work was very beautiful and the entire oratorio was given very smoothly. Tomorrow night at 7:30 "The Crucifixion" will be given at the Episcopal church with the full vested choir.

Glendale Folk Picnic At Exposition Park

A party of Glendale folk, formerly from Tennessee, enjoyed a picnic at Exposition park yesterday. Those who enjoyed the good time were Mr. and Mrs. John Mathis, Mr. and Mrs. Hearn Robinson and children Teddy and Geraldine, Mrs. Miller, Mrs. Jesse Jones, Mrs. Norman Hatcher and son Orbey, Mrs. W. W. Alexander and daughter Juanita, Miss Doris Alexander and Miss Norah Grey. Automobiles filled with picnickers and well-filled baskets carried them to the park. Unfortunately it happened that Wednesday is the one day of the week when all the buildings at Exposition park are closed.

Legion To Initiate Class Friday Night

Glendale Post, No. 127, American Legion, will meet tomorrow night at their clubrooms on East Broadway to initiate a large class of former service men into the order. There will be a musical program, according to Gordon Clayton, chairman of the entertainment committee, which will include the Legion quartette, A. K. Lewis on the steel guitar and a pianologue. Commander E. O. Kiefer requests all members attend as there is important business to come before the meeting.

Mrs. V. E. Philp Is Luncheon Hostess

Mrs. V. E. Philp of 221 North Orange street entertained at luncheon yesterday in honor of Miss Annie Philp of Elgin, Ill. Other guests present were Mrs. Lillian Sawyer of Los Angeles, Mrs. Mazie Rutledge of Los Angeles and Mrs. Jessie Soloman of Santa Monica, all former residents of Elgin. White carnations and purple iris, appropriate to the Easter season, were used as decorations.

GLENDALE VISITOR

Paul Davis, formerly a resident of 319 West Patterson avenue, who is now employed by the Standard Oil company at La Habra, was a Glendale visitor yesterday.

BUSINESS MEETING AND SOCIAL HOUR FOR CHAPTER

MRS. MARGARET GREGG GIVES AFTERNOON; MRS. C. D. LUSBY IS ELECTED SECRETARY

Chapter L., P. E. O., held a most delightful meeting yesterday afternoon at 2 o'clock at the home of Mrs. Margaret Gregg, 240 North Central avenue.

Business occupied the first part of the afternoon. Mrs. C. D. Lusby of 118 East Park avenue was elected corresponding secretary and installed. Mrs. Lyda Border having resigned on account of ill health.

This was followed by a very interesting program in charge of Miss Isabel Isgrigg, assisted by Miss Margaret Lusby, Mrs. Evangeline Smith, Mrs. Charlotte Goss, Mrs. Neli Maxwell, Miss Ruth Byram, Mrs. Dorothy Weller and Miss Dorothy Peart. Mrs. Harriet Randall was accompanist.

The program consisted of a solo, "Light" (Scott), by Miss Isgrigg; "Hosanna" (Granier), ensemble; duet, "Conqueror" (Coonvs), by Miss Isgrigg and Miss Dorothy Peart; "Resurrection" (Shelly), ensemble; solo, "Christ Is Risen" (Haun), by Miss Dorothy Peart; cantata, "The Risen King" (Schnecker), ensemble.

Every Number Enjoyed

Each number was splendidly given and much enjoyed by the large audience which filled the spacious living rooms and dining room. Each member of Chapter L invited a guest to hear the program. This same program is to be given for the soldier boys at Thornycroft Friday night.

The house was beautifully decorated with iris, sweet peas and roses. Dainty refreshments of special brick ice-cream with a yellow star in the center and white cake, frosted with yellow icing, yellow and white being the colors of Chapter L, were served by Mrs. Edith Huntley, Mrs. Jessie Russell and Mrs. Elizabeth Read.

Mrs. Chas. Freshman Entertains Members

Mrs. Charles Freshman of Los Angeles entertained the members of the Wednesday club yesterday at the home of Mrs. Wm. A. Gibson, 518 East Windsor Road. Decorations of freesias and daffodils were used. A picnic lunch was enjoyed at noon. The afternoon was devoted to needlework. The Wednesday club has purchased two of the $5 bricks to aid in the construction of the Disabled Soldiers' Home in Los Angeles. Special guest for the day was Mrs. Mills of Long Beach. Members present were Mrs. Henry Clotworthy, Mrs. Charles Sanders, Mrs. J. F. Hearnshaw, Mrs. G. D. Roach, Mrs. Frank Hester, Mrs. Wm. Nash, Miss Clara Ringert, Mrs. Herbert Reed of Long Beach, Mrs. Charles Glover, Mrs. Wm. Gibson and Mrs. Charles Freshman of Los Angeles.

Special Service At Church Good Friday

Appropriate ceremonies for the observance of "The Crucifixion" have been planned for the evening hour of worship, beginning at the First Lutheran church Good Friday. A suitable service preparatory to the celebration of the Holy Communion at Easter will be conducted by the pastor, Dr. Funk, who will speak on "The Agony, and the Lord's Supper." J. H. O. Niebank will sing "Watch Thee, and Pray Thee" (Wakefield Smith). The public is invited to attend.

Phonograph Found Outside Of Store

At 10:30 last night Officer Herbert of the Glendale Patrol and Fire Dispatch discovered that the Glendale Phonograph & Piano company had left a $250 crated Brunswick machine just outside the rear door of their establishment. He imediately called Mr. Salmacia, who came down and saw that the machine was put inside the store. The company had received a large shipment of new machines yesterday and in some way this one was overlooked and left outside.

Straw Ballots To Be Counted Friday

Votes in the Chamber of Commerce straw ballot on the municipal issues to be decided at the election March 29, will be counted tomorrow night. In this way the Chamber will be able to determine its policy of supporting the various bond issues and proposed charter. All members are urged to cast the straw ballot before 6 o'clock Friday.

Today's World News In Brief

(Special Service to Glendale Evening News)

RAILROAD OFFICIAL IS DISCOVERED DEAD ON TRAIN

HOUSTON, Texas, March 24.—A. C. Torbert, sixty-one, Galveston, secretary treasurer of the Gulf, Colorado & Santa Fe railroad, was found dead in a Pullman berth here today. Death was due to natural causes.

ALLIES ARE CONTEMPLATING SEIZURE OF FRANKFORT

BERLIN, March 24.—Reports here today stated the allies contemplate seizure of Frankfort as a further reparations penalty against the Germans. Frankfort is an important industrial city in the dismantled Rhine district and now is at the edge of the Mayence bridgehead.

JOHN BURROUGHS MAY START UPON EASTERN TRIP

PASADENA, March 24.—Whether John Burroughs, naturalist and philosopher, who has been spending the winter here, will start tomorrow noon for his home in West Park, N. Y., as planned will depend upon his physical condition. He is still weak, following a recent minor operation. Every precaution is being taken to insure a comfortable trip east for him.

GERMAN CABINET IS URGED TO DECLARE MARTIAL LAW

BERLIN, March 24.—The German cabinet was urged today to declare martial law in mid-Germany. After long debate and consideration of reports from the riot district it was decided peace officers were able to control the outbreaks. Arrangements were made, however, for careful guarding of all railroads to prevent a repetition of the Frankfort-Berlin express derailment.

EXPERT DENIES HE IS ASKED TO DETERMINE PATERNITY

SAN FRANCISCO, March 24.—Absolute denial that he had been consulted in any way by the litigants in the Stillman divorce controversy, was made today by Albert Abrams to the United Press. This statement was in answer to reports in the east that Dr. Abrams had been brought into the case and would by means of his oscillophere determine the paternity of Guy Stillman.

CHURCH URGES CLARA SMITH HAMON NOT TO FILM LIFE

PASADENA, March 24.—The First Baptist church of this city today sent the following telegram to Clara Smith Hamon:

"The First Baptist church of this city, by unanimous vote of largely attended meeting, earnestly deprecates your intention, as quoted in yesterday's press dispatches, of depicting your life tragedy by motion picture films and urges you, in the name of religion and morality, not to do so." (Signed) "S. H. Staines, Church Clerk."

MEAT INSPECTION BILL PASSED BY SENATE COMMITTEE

SACRAMENTO, March 24.—The meat inspection bill creating inspection of abatoirs and meat was passed out favorably by the senate committee on public health and quarantine last night. Other labor bills did not fare so well, however. The railroad brotherhood's three safety measures were all tabled by the assembly public utilities committee. They were to regulate the sleeping quarters in cabooses, provide sidewalks on bridges and to provide hand rails on engines.

HARDING EXPRESSES PLEASURE AT SETTLING TROUBLE

WASHINGTON, March 24.—President Harding today expressed his appreciation of the settlement of the packer wage controversy. "This administration has nearest to its heart at all times any righteous helpfulness it can give in avoiding a suspension of industrial activities in this country," the president said in congratulating Secretary of Labor Davis and representatives of packers and employes who called at the White House today to inform him that a strike had been averted and a settlement agreed to.

PROFIT TAKING CONTINUES IN NEW YORK MARKET

NEW YORK, March 24.—Profit taking continued today to be the big factor in the New York stock market. The price dip which marked the closing trade yesterday was continued at the opening today with motors still bearing the main attack. Chandler started at 81 3-8, up 3-8 but quickly sold off to 80 3-4. Studebaker was off 7-8 at 77. Rumors were current that Sears Roebuck will vote to pass the dividend next month and as a result the stock made a new low for the year at 69 1-2. U. S. Steel opened somewhat lower but Crucible was 1-4 up at 91. Rails were fractionally higher.

ASKS STATE DEPARTMENT TO CONSIDER SITUATION

WASHINGTON, March 24.—Secretary of War Weeks sent to Secretary of State Hughes all papers in the case of Grover Cleveland Bergdoll with a request that Weeks be advised what further action to take. Weeks asked that the state department consider the situation from an international standpoint and tell him what should be done to secure the surrender of Bergdoll and the release from a German prison of two Americans who recently attempted to capture the millionaire draft dodger. The fact that this had been asked of Germany was learned and announced by the United Press exclusively yesterday.

UPRISINGS FAST SPREADING THROUGHOUT GERMANY

BERLIN, March 24.—Communist uprisings, spreading rapidly through mid-Germany, cost twenty-five lives today. Police entrenched in a score of cities to withstand armed attacks. Dynamiting of public buildings, bank robberies and looting accompanied the outbursts. Germany's radical press urged concerted violence. The death list included seventeen in Hamburg, three in Freiburg and five in Eiselben. Eiselben was the scene of a particularly violent demonstration. Street fighting broke out there with the police beleaguered in their barracks. The Frankfort-Berlin express was derailed when communists tore out a section of the track. Twenty thousand workers at the big Leuna works went on strike, joining the street crowds and making the work of the police more difficult. At Hamburg, the fighting began when communists urged fellow shipworkers to join them in a strike. Police interfered using their revolvers and rifles. Two policemen and fifteen communists were killed. Huge bands of communists, joined by lawless elements, joined in the looting of banks and postoffices at Waneleben, Mansfield and Leipzig.

HOLDING TWO BOYS FOR ROBBERY OF CARNEY STORE

CAPTURED IN LOS ANGELES BY POLICE AFTER ATTEMPT TO USE REVOLVER

LOS ANGELES, March 24.—Harry Hoffee, alias Hartley, aged 16, and James Milmor, alias Purvis, aged 18, were cornered at noon today and captured in a downtown clothing store by Police Sergeant Frank Stevens.

The two surrendered after Hoffee had tried to shoot Stevens. The automatic pistol carried became clogged and failed to work. In the pursuit preceding their capture, Stevens fired three shots at the youths.

The captives admitted that they were two of four prisoners who recently escaped from the county jail in Portland, Ore.

Clothing worn by the two prisoners was stolen two nights ago from Carney's Shoe store, 112 East Broadway, Glendale. The attire of both bore the trade mark of Dave Carney.

This led the Los Angeles police to believe this afternoon that Hoffee and Milmor committed the burglary.

About $500 in merchandise and $8.80 in cash was reported stolen by Mr. Carney on Tuesday, entrance having been gained to his establishment here by breaking a rear window.

The thieves left their old clothing in his store and it undoubtedly will be used to identify the culprits.

Santa Monica Invites Glendale To Attend

Miss Grace Yale, secretary of the Santa Monica Chamber of Commerce, was a visitor here yesterday and extended a cordial invitation to the local Chamber of Commerce to arrange for a Glendale Day at the Bay Cities Exposition, March 19 to April 3.

The great show is being held under the auspices of the Santa Monica Beach association and Chamber of Commerce and includes the Wortham carnival as well as hundreds of the usual concessions. Many industrial exhibits also are in place.

According to L. T. Rowley, of this city, who saw the exposition last night, it is one of the best of its kind and he believes that Glendale should extend its co-operation to the Bay District in making their spring opening the biggest event possible.

William C. Proctor Sues For $110,000

CHICAGO, March 24.—William Cooper Proctor brought suit today to recover $110,000 he advanced for General Leonard Wood's futile fight for the presidential nomination on the Republican ticket. The suit was filed against A. A, Sprague of Chicago, who was treasurer of the Wood campaign committee.

Slight Damage Done To House By Fire

With shrieking fire sirens and the clang of bells Glendale's fire department from Station No. 1, this morning about 10 o'clock, rushed madly down Broadway, south on Orange and around to the Harvard apartments, 216½ West Hawthorne, where Mrs. Mary East resides and found that a gas heater had ignited a wall. Residents of the apartments moved out on short notice, but outside of smoke the fire department estimates slight damage.

Mrs. Harry Powers, Jr., Is Hostess To Club

Mrs. Harry H. Powers, Jr., of 707 North Isabel street entertained members of the Wednesday Afternoon Bridge club at her home yesterday. Members of the club present were Mrs. S. B. Morse, Mrs. F. J. Rogers, Mrs. E. E. East, Mrs. Charles Carroll, Mrs. J. A. McKelvey and the hostess, Mrs. Powers. Special guest for the afternoon was Mrs. Grace George. Lilacs and bridal wreath were used for decorations. Dainty refreshments were served by the hostess.

Mrs. Jesse Joseph of 201 West Lexington Drive had as her guest yesterday her eldest son, Fred A. Conrad, who has just received a permanent appointment as ensign with the navy and who will be stationed at San Diago. Mr. Conrad served in this capacity during the war and has been in the naval reserve until now, when he has been called to this new post.

Miss Otta Mary Ross, a Newark, O., young womah who has occupied various departmental positions in Washington, is wintering in Glendale. Miss Ross came west with the Ohio delegation to see her old neighbor, Governor James Cox, nominated at San Francisco, did some mountaineering with her brother in Missoula, Mont., and is now engaged in literary and club work between motor trips to nearby points.

Echo Meeting For Tropico Presbyterian

The coming Sunday evening service of the Tropico Presbyterian church will be in the nature of an "Echo" meeting. Those of the young people who attended the convention at Whittier last week will tell of their experiences and of the good received while at the various conferences.

The meeting will be in charge of Helena Richardson, and the Easter message will be brought in the way of several musical numbers.

Mrs. H. H. Martin's Father Is Summoned

Word has been received from Mrs. H. H. Martin of Los Angeles, until two years ago a resident of Glendale, of the death of her father, Mr. Rollins, who had a ranch near Riverside and at one time was also a resident of Glendale. Funeral services will be held from the Glendale Baptist church Saturday afternoon at 2:30, Rev. Eugene Haynes, who was pastor of the church at the time Mr. Rollins was a member here in Glendale, will officiate. Pulliam & Kiefer will be in charge.

Mr. and Mrs. Towner Leave For Muskegon

Mr. and Mrs. Fred A. Towner, who have been spending a month with Mrs. Towner's mother, Mrs. Lund, of 412 Oak street, left for their home in Muskegon yesterday. Both Mr. and Mrs. Towner declared that they became more infatuated with Glendale every day they were here, and after visiting other towns nearby decided that they will dispose of their interests at Muskegon as soon as possible and come to Glendale to make their home.

A boy six years of age was recently shipped by express from Ranger, Tex., to Bend, Ore. A tag on his coat bore the following information: "Leonard Adcock, Ranger, Texas, destination, Edwin Berly, Bend, Oregon."

Blyth and little daughter Lois Mildred of Elliott Place, and Mrs. M. A. Mitchell of Elliott Place, Mr. and Mrs. S. A. Davis and son, Merle.

TEACHERS' BILL IS FAVORED

SACRAMENTO, March 24. — The teachers' life tenure bill of Assemblyman Ecksward of San Mateo was sent out of the senate education committee last night with a unanimous recommendation of "do pass." It has passed the house by a safe majority and will probably have an easy time in the upper house.

This bill is considered one of the most important measures in the present legislature. It lifts the teaching profession out of politics and places it on a sound and dignified footing supporters of the bill declare. It was fought by the Better America federation.

DRUG PEDDLER CONFESSES

SACRAMENTO, March 24.—"I heard the town was easy and came here to work it," said Ernest Varos, San Franciscan, when arrested as a drug peddler, according to the arresting officers. Varos is in jail today while federal authorities investigate his activities. Internal revenue officers here say he is one of the most active drug peddlers on the coast, and has been sought for several weeks. When arrested Varos had about $500 worth of cocaine and morphine in his possession, the drugs being wrapped in numerous small packages or "bindles."

PRACTICE DID NOT HELP

Lloyd George, the English Prime Minister, who was formerly the Chancellor of the Exchequer, and in this capacity levied all taxes, has a happy wit.

At a gathering of ex-soldiers recently in their club at Colwyn Bay, North Wales, he said that he once tried to play billiards.

"I could generally hit one ball, but not two," said the Prime Minister. "I could never get into the pocket," he added, "although as Chancellor of the Exchequer for five years I had to do nothing but get into pockets."

GIRLS' CLASS BACK FROM FOUR DAYS IN MOUNTAINS

MANY HIKES ARE TAKEN AND OUTING PROVES DELIGHTFUL TO ALL, THEY SAY

Miss Lavera Kitterman of 311 North Kenwood street returned this morning with the girls of her Sunday school class at the First Methodist Episcopal church from a four days' trip to Camp Orchard.

The party, which included Mrs. E. W. W. Hayward, Mrs. W. E. Cleveland, Mrs. R. F. Kitterman and Miss Lavera Kitterman as chaperones, consisted of Pauline Wilson, Janice Cecil, Harriet Beattie, Frances Betts, Charlotte Cleveland, Esther Jones, Lillian Tracy and Kathryn Kitterman, and was taken to the trail at Sierra Madre Monday morning by Mr. Kitterman and A. F. Wilson.

The packs were put on the back of a burro and the party hiked to Camp Orchard, a distance of three and one-half miles.

Reach Mt. Wilson Summit

Here they had engaged a cabin. This camp has just changed hands and is being renovated. They had splendid accommodations. Tuesday the party enjoyed a hike to the summit of Mt. Wilson, a distance of four miles from Camp Orchard. Many other pretty trails were followed by the hikers during their stay.

Some of the party returned to Glendale late yesterday afternoon, the remainder arrived in Glendale this morning.

Old Timer Visits Glendale Once More

George W. Woodward and son visited Glendale yesterday and called upon City Clerk J. C. Sherer. Mr. Woodward was one of the early settlers here, having owned a place on the San Fernando Road in the early eighties. He was afterwards appointed a member of the Los Angeles police force where he served for 25 years and is now on the retired list of that department.

CARDINAL GIBBONS DIES RESULT OF LONG ILLNESS

HEAD OF CATHOLIC CHURCH IN AMERICA SUMMONED, AGED 86 YEARS

(Continued from Page One)

ing in County Mayo. The future cardinal began his studies in the village of Ballinrobe.

His father died when the boy was 13 years old and the mother with her children returned to America, settling in New Orleans.

Preparations Made for End

Because of the cardinal's extreme frailty and his advanced age—he was 86 years old—all preparations were made for the end. Monsignor John Bonzanc, apostolic delegate in Washington, came to Baltimore and spent the larger part of Tuesday at his home.

Bishop Owen B. Corrigan, the vicar general of the diocese, has spent much of his time at his eminence's bedside for several days. The public was informed of the change in the condition of the most distinguished clergyman of the Catholic church in the United States.

The first evidence of the failure of Cardinal Gibbons' strength was given November 7 of last year, when he was seized with a momentary faintness and seemed about to fall while delivering a sermon in Havre de Grace. Five days earlier he had gone to the home of Robert Shriver at Union Mills to rest. He returned there after the Havre de Grace experience.

His condition became worse and he was forced to remain in bed. A nursing sister was sent to the Shriever home to nurse him. On December 21 Bishop Corrigan issued a statement to all pastors asking them to request their people to pray for the recovery of the cardinal or for his happy death.

NEW OFFICERS ARE CHOSEN BY CLASS ORGANIZATION

EVANGELINE QUACKENBUSH IS PRESIDENT ALPHA OMEGA; HOLD SOCIAL HOUR

Officers of the Alpha Omega class were elected Tuesday night when the young ladies class of the Central Christian Bible school met at the home of Evangeline Quackenbush and organized this club.

The officers and committee chairmen are as follows: Evangeline Quackenbush, president; Louise Hester, vice-president; Mabel Overton, secretary; Lois Mock, treasurer; Kathryn Weisling, chairman membership committee; Guila Darling, chairman press committee; Margaret Overton, chairman social committee; Nell Liggett, chairman flower committee.

A social hour followed the business meeting, during which refreshments were served and violin solos by Miss Quackenbush were enjoyed.

SOMETHING WRONG IN STORY

"A curious case came up in the court of domestic relations this morning."

"What was it all about?" asked the meek little man.

"A wife charged that her husband cut out the store advertisements from the family newspaper before he'd let her read it. He was a brute, wasn't he?"

"Certainly," replied the meek little man. "But what I don't understand is how he managed to get hold of the paper first."

THE COMFORTER

An Irish farm laborer was being tried for stealing a watch. His employer testified that he had found Pat an honest fellow, but other evidence was against him, so he was sentenced to jail. As his wife left the court in tears a woman friend stepped up to comfort her. "Oh, now, Katherine," she said, "don't take on so. Just think what a splendid character Mr. O'Malley gave Pat. Sure if he hadn't stolen the watch we would niver have known what a fine, honest fellow your man was."

The United States department of agriculture spent $250,000 in establishing Durum wheat in this country and the wheat of this variety now produces $50,000,000 a year. It cost $200,000 to introduce rice and the California crop alone is now worth $21,000,000 a year. The American Egyptian cotton crop introduced at a cost of $40,000 now produces $20,000,000 a year.

FLUSHING YOUR CRANK CASE

After flushing out the crank case with kerosene, which should be done when the oil is changed, it is a good plan to allow the engine to stand idle for a day with all drain cocks open, to permit the kerosene to dry out thoroughly.

CUBS HUNTED ON INSTALLMENT

According to Pliny, when a hunter wishes to catch tiger cubs he must be provided with a very fleet horse and have another in reserve. "When the tigress finds her lair empty she darts forth and tracks them by the smell. When she comes up to the hunter he throws one of the whelps to her, with which she returns to her lair. Then she rushes back and he throws another to her; and this goes on till he reaches his ship.

Equally interesting is the account in the "Physiologus" which explains that "the hart desireth the water brooks," because it had been inhaling the breath of dragons. So having filled its stomach from the brook, it drowns the dragon out of its hole and slays it with the antlers.

Unicorns seem to have given much trouble in those days, and were exterminated in a most unsportsmanlike fashion. "The hunters place a virgin near the spot where the unicorn has its abode. The unicorn, seeing her, runs and places his head in her lap, doing her no harm." This very natural action proves his undoing, for "then cometh the hunter and killeth it."

Here is the reverse of the picture: "But if she be not a pure maid the unicorn will not sleep, but killeth her." This legend is also carved at Chester.

An ostrich's egg has sufficed for an omelet for thirty persons. The ostrich egg has less protein and more fat than meat, and its useful constituents include iron and phosphorus. The flavor and food value are about equal to those of the domestic hen.

PASTOR WANTS HOME

The Rev. G. C. Schaub, who six weeks ago became rector of Trinity Lutheran church in Kansas City, Kan., has been unable to find a home since he undertook the pastorate.

"It is not the duty of a minister to hunt a house," he told his congregation recently. "I will be here another week. Then, if there is no house, I will be gone."

A special meeting will be held by the congregation to find a home for the minister.

MOTION PICTURE OF STUDEBAKER CAR INSTRUCTIVE

FILM CONTAINS EDUCATION AND THRILLS; SHOWN BY PACKER & WHITE CO.

Everyone attending the Studebaker pictures at the Palace Grand theatre went home last night with dreams of castings, gears, springs, wheels, carburetors and differentials. Also the idea that the Studebaker light six touring car is almost a human machine.

The Packer & White Auto company brought the most pretentious industrial film ever seen here. It first showed the light six trip to Yosemite valley, greeted by the mayor of Coulterville and sent on its way, the car stripped of its fenders and heavily loaded bucked its way through the snow and mud up to Sentinel hotel up among the big trees.

People were traveling about on snow shoes, and tobogganing and crap shooting were shown to be the big sports in the park during the winter. In bringing the car safely out of the park and down the treacherous grades, it was placed on skids and "slid out."

Picture Is Educational

In the principal film, the Studebaker plants at South Bend, Ind., Detroit, Mich., and Walkerville, Canada, were shown and then the spectators were taken on a trip through the South Bend establishment, where light sixes are made exclusively. All models are made at the Canadian plant, while the Detroit plant features special and big sixes.

The manufacture and assembly of each unit in the completed automobile's construction is shown from the time the material leaves the stock room, on traveling cranes or conveyors until it reaches the point of final inspection and assembly.

Especially interesting is the heat treating applied to the forged steel parts as well as the sand blasting and machining. Huge drop hammers weighing thousands of pounds are used in the forging. In the assembling the parts are handled on conveyors until the car rolls off on its own wheels.

Everywhere there are inspections throughout the manufacture, which makes for the high standard of Studebaker cars.

PICTURE PLACES OF FRANCE IN DECAY, SAYS OFFICIAL

STRUCTURES ARE FALLING IN RUINS, DECLARES DEPUTY, SUBMITTING BUDGET

By JOHN DEGRANDT
United Press Staff Correspondent

PARIS—The chateau of Versailles and both Trianons are literally falling to ruins. This is the conclusion of Deputy Pierre Rameil's report for the budget of Fine Arts. Rameil told of the ruin of the palace where was spread the splendor of King Louis and where took place a part of France's national history.

"In the Prince's court," says Rameil, "one wing is near to collapse; the brick front is crumbling; through broken windows one can see the old plasterwork of a fallen-in floor.

"On the side overlooking the park, the northern wing is in similar bad shape; one of the marble columns wears a wooden corset.

Statues Are Mutilated

"In the park, the statues are frightfully mutilated. The grove of Apollon was menaced last summer when a landslip of about ten meters deep failed to destroy the two famous groups Apollon and the Nymphs, and the horses of Apollon."

Abcut the Trianons, Rameil shows the theatre of Marie-Antoinette menaced with complete ruin. Night birds are living in the theatre's ceiling which Lagrenee painted. At the Hamlet, the thatched roofs are full of holes. The Mill has lost its ladleboard. The inside of The Guard's House and the Farm is falling in. The stables and kitchens, Madame de Pompadour's menagerie, Marie-Antoinette's orange grove are going, too.

REPLACING GEARS

When work is being done on the transmission it is sometimes difficult to know whether the gears are in neutral when reassembling. It should be remembered that there are only two sliding gears on the main shaft of the transmission. One of these is high and intermediate and the other for low and reverse. All other gears on the main and counter shafts are fixed. Move the sliding gears into such a position that they are not in mesh with any of the fixed gears, and then when the cover with the shifter forks are slid over the rings on the sliding gears the gearset will be in neutral.

MOTHERS' CONGRESS TO HOLD SESSION NEXT THURSDAY

FIRST DISTRICT MEETING AT LONG BEACH; LOCAL WOMEN WILL BE PRESENT

Mothers—of today and tomorrow—will as visitors visit Long Beach Thursday, March 31, to attend the all-day conference at First Methodist Episcopal church under auspices of the First District, California Congress of Mothers and Parent-Teacher associations. Mrs. R. R. Kerr, president of the Long Beach Federation, and her committees, are in daily session planning details in advance.

Glendale has Mrs. A. A. Barton as district financial secretary and Mrs. P. S. McNutt as district parliamentarian, actively at work for the conference.

The adjacent communities to Los Angeles proper are striving to recruit banner delegations, with the Easter holidays to give added inspiration for the resultful work of school and home interests.

Both the Hynes-Clearwater and the Compton districts have through Mrs. H. G. Flint and Mrs. L. L. Morrison, respectively, marshaled delegations for whom autos, busses and trolleys offer speedy and convenient service.

Pasadena, Glendale and South Pasadena, peopled by many workers for the public schools' interests, expect to let no obstacles keep them from the Long Beach goal that day.

Right standards of living created in the child mind from earliest years through systematic, purposeful training is the keynote of the day's talks as arranged by the departments of Kindergartens, Home Economics and Patriotism, three vital groups of the District Federation.

Necessity of Training

The real necessity of a trained parenthood, to guide juvenile thought along correct lines early, will be vividly presented, with a punchful, pointed, persuasive picturing in words. Speakers, both set and three-minute kind in the discussions, will dwell on this idea! It is the trained parent who most helps the offspring.

Mrs. Ethel B. Waring, of the University of California, Southern Branch, as the initial speaker, expects to dwell on the vital import of the first twelve years of life in childhood in character-building, offering helpful, constructive ideas.

Miss Wilhelmina Loos, of Pasadena, will stress her remarks, titled "Establishing Proper Standards of Thrift Among Children," the tendency of early habits of correct thinking to develop later into a discriminating sense of real values.

At this point the free but brief discussion by visitors will offer to the audience new angles of reasoning on the problems set forth, new outlets and handling of phases of child training in school and out.

Leslie Henry, one of Pasadena's minute men in Liberty Loan days, will inject a dash of oratory and inspiration along the topic "Training for the Best in Citizenship."

Talk by C. C. Kelso

Supplying wholesome outlets for play activities as a community duty is just now a live topic in forum and magazine, among educators and civic workers and California is in the nation's eyes in her forward movement in these community safety valves of recreation centers and neighborhood activities. To C. C. Kelso, of the Los Angeles city schools, has been assigned treatment of this topic programed as "The Community Center and the High School Girl and Boy."

This mental treat and practical potpourri for mothers has been arranged by District Chairmen of Kindergartens, Miss Anna Kehlert of Pasadena, of Home Economics, Mrs. Grace E. Dutton of Pasadena, and of Patriotism, Mrs. H. G. Flint, Hynes.

The usual Council of Presidents at 10 o'clock affords a valued opportunity for all clubwomen to learn the art of expediting business in clubs, Mrs. McNutt of Glendale leading the parliamentary drill.

LIFT VALVES WHEN GRINDING

In grinding valves it is important that they be lifted off their seats and oscilated as the grinding proceeds. By fitting a spring under the head of the valve, so as to lift the valve whenever the pressure of the tool is lightened, this operation is greatly simplified.

STEEL BLOCK

Car owners who work at the bench seem to make a habit of using the vise as a block, when they are cutting off metal with a chisel. This is not good for the vise, and a square steel block, perhaps an inch thick, clamped to the bench, will give a satisfactory base for this work and save the vise.

GETTING RID OF EXHAUST

For the car owner who does much of his own work, it is necessary to have some means of running the engine in the garage safely. This is easily accomplished by running a metal pipe from the end of the exhaust out through a hole in the wall of the garage, thereby carrying the dangerous exhaust fumes out into the open air.

ELECT OFFICERS AT ANNUAL MEETING OF W. C. T. U.

MRS. RUBY J. SMART CHOSEN PRESIDENT AT GATHERING IN L. T. BROWN HOME

The following officers were elected by members of the Glendale W. C. T. U. at its annual meeting which was held Friday at the home of Mrs. L. T. Brown, 213 North Louise street:

Mrs. Ruby J. Smart, president; Mrs. Edith S. Dockeray, vice president; Mrs. Annie Sipple, corresponding secretary; Mrs. Marie Gifford, recording secretary; Mrs. Jennie Mottern, treasurer; vice-presidents-at-large, Mrs. I. A. Ford and Mrs. Katherine Rowe, Baptist; Mrs. Inez Sipple, Congregational; Mrs. T. L. Brown, First Methodist; Mrs. J. E. Colvin, Presbyterian; Mrs. Alfred Cookman, West Glendale Methodist.

The president of the United States has a special flag used on occasions when the president appears in his ex-officio function as commander-in-chief of the army and navy. The flag consists of the coat-of-arms as they appear on the president's seal, against a blue background and flanked by four stars.

Notice of Sale of Street Railway Franchise

OFFICE OF THE CITY CLERK OF THE CITY OF GLENDALE, CALIFORNIA.

TO WHOM IT MAY CONCERN:

NOTICE IS HEREBY GIVEN, that an application has been made to the Board of Trustees of the City of Glendale for a certain franchise granting the right to construct, and for a period to terminate November 4th, 1963, to operate and maintain a street railway using electricity or other motive power except steam upon, across and along certain streets of said City of Glendale, together with certain appurtenant and incident rights hereinafter mentioned.

It is hereby proposed by said Board of Trustees of said City of Glendale to offer for sale, and to grant to the highest bidder, the said franchise upon the terms and conditions herein contained. The said franchise is described as follows, to-wit: a franchise to construct, and for a period to terminate November 4th, 1963, and as hereinafter provided, to maintain and operate, a street railway, using electricity or other motive power except steam, over, along and across those portions of the railway line as now constructed and operated by the Glendale & Montrose Railway Company, a corporation, over and across the public streets in the City of Glendale, said line being generally described as follows, to-wit:

Commencing at the intersection of Brand Boulevard and Broadway; thence Easterly along Broadway to the intersection of Broadway and Glendale Avenue; thence Northerly along and across Glendale Avenue, Verdugo Road and Canada Boulevard; thence to, along and across Verdugo Canyon Road and Ocean View Boulevard to the Northerly city limits; and also commencing at the intersection of Glendale Avenue and Wilson Avenue; thence Easterly along Wilson Avenue, Eagle Rock Road and Broadway, to the Easterly city limits together with the right to construct curves, switches and spur tracks into private property; also connections at street intersections, and all other appliances, property, structures and attachments that may be necessary or proper, for the purpose of operating said road and enabling it to be as effective as the best railway operated by electricity or other motive power except steam; provided, however, that no spur track into private property shall be built within One Thousand (1000) feet of any spur track already constructed under said franchise, without first securing the proper consent of the Board of Trustees of the City of Glendale. That the terms and conditions upon which said franchise will be offered for sale, are the following:

That the railway to be constructed and operated under said franchise shall be used for the transportation of passengers, baggage, United States mail, express matter, and such other commodities as can be conveniently handled by an electric railway, provided that cars other than closed ones, of a neat and attractive design, shall only be conveyed over said road between the hours of nine o'clock P. M. of each day and six o'clock A. M. of the following day; except hauling such material as is used in the construction and reconstruction of such railways.

That said the grantee of said franchise and its assigns, shall use good material in the construction of said road, and said road shall be built in a good and workmanlike manner, and that said grantee and its assigns, shall, at its or their own cost and expense, oil and re-oil, pave or macadamize the said road between the rails, between the tracks and for two (2) feet on each side thereof, with the same material used by the City, and under the same specifications and in the same manner as upon the streets over which said roads are respectively, and shall keep the same constantly so paved or macadamized and in repair flush with said streets, and provided with suitable crossings, and shall make the roadbed conform at all times to the established grade of said streets; provided, however, that where any of the above named streets have been graded or otherwise improved prior to the granting of said franchise, said roadbed and rails shall conform to and be flush with the surface of said graded or otherwise improved street or streets, whether such surface be above or below the official grade of said street or streets, and on all other street or streets, the said roadbed and rails shall conform to such official grade as aforesaid.

In case the said grantee and its assigns, shall fail to comply with the instructions given for said repairs for ten days after service of notice thereof upon the superintendent or manager of said grantee, then the Board of Trustees of the City of Glendale, may, with suitable assistance, enter upon said railway, or any portion thereof, and do the work, and furnish the proper material, and keep an itemized account of the cost thereof, which said grantee and its assigns, by the acceptance of this franchise, agrees to pay immediately to the Treasurer of the City of Glendale upon the presentation of the account to the superintendent or manager of said railway.

Provided further, that cars shall be run over the road constructed under said franchise every day, unless prevented by the elements, riots, strikes or unavoidable causes; provided, also, that cars shall be run over and upon said road at intervals of not more than one (1) hour from seven o'clock A. M. until ten (10) o'clock P. M. of each day, and as much oftener as may be necessary to properly accommodate all persons who apply for transportation over said road, except in times of extraordinary and unforeseen amounts of travel, and provided that the Board of Trustees may authorize a less number of trips if the amount of travel does not warrant the above number of trips, and provided further, that said grantee, and its assigns, shall have the right to excavate and remove portions of said streets necessary to properly construct said road, and to erect needful apparatus, boilers, engines and other appliances to properly equip and run said road; provided further, that the City of Glendale in granting said franchise, expressly reserves the right to pave, macadamize, renew or sewer any of said streets, or to lay gas, water or other pipes therein, said work to be done so as to injure said road as little as possible.

It is further provided that said grantee and its assigns, shall construct all necessary flumes and culverts for the free passage of water under the tracks of said Railway whenever and wherever necessary, and that all of such flumes and culverts shall be constructed in accordance with the plans and specifications approved by the City Engineer and wherever required by said City of Glendale.

That the said grantee and its assigns, shall and will, at all times upon and after the completion of said road, during the operation of the same, and without extra charge, issue and receive from passengers going in one direction, transfers good for one continuous passage over and upon any and every other line and lines or any other road or roads to any points within the said City, which said grantee and its assigns, does now or may hereafter own, control, operate or have a controlling interest in; and provided, as a further condition, that said grantee, and its assigns, shall and will at all times as aforesaid, issue or cause to be issued to said passengers without extra charge, a similar transfer from any and every line or lines which said grantee and its assigns, does now or may hereafter own, control, operate or have a controlling interest in, within said City of Glendale, as aforesaid, to, over and upon the road operated and maintained under said franchise within the city limits of the City of Glendale; and provided further, that such transfers shall be given and received as above provided over and upon all such roads within the city limits of the City of Glendale, whether operated under a franchise granted by said City, or over and upon private right of ways owned or occupied by said roads within the city limits of the City of Glendale.

That the rates of fare to be charged by the grantee shall not exceed the rates fixed by the Body, Board or Commission having authority to fix such rates.

The said grantee and its assigns, shall carry free on said cars, the City Marshall or Chief of Police and deputies, and all regular police officers and firemen of said city, when on duty, and letter carriers, subject at all times to the rules of the road.

That the said grantee and its assigns, shall, during the life of the said franchise, pay to the City of Glendale, in lawful money of the United States, two per cent of the gross anuual receipts of said grantee and its assigns, arising from the use, operation or possession of said franchise. No percentage shall be paid for the first five years succeeeding the date of the franchise, but thereafter such percentage shall be payable annually, and said franchise is to be forfeited by a failure to make the payments provided for, and it shall be the duty of the grantee of said franchise, and its assigns, to file with the City Clerk of the City of Glendale at the expiration of six years from the date of granting said franchise, and at the expiration of each and every year thereafter, a statement verified by the oath of the said grantee, or its assigns, or by the oath of the manager or presiding officer of said grantee, or its assigns, showing the total gross receipts and gross earnings collected or received by the said grantee, or its assigns, during the preceding twelve months, and within ten days after the time for filing such statement, it shall be the duty of said grantee, or its assigns, to pay to the City Treasurer of said City of Glendale, the aggregate sum of said percentage upon the gross annual receipts arising from the use, operation or possession of said franchise.

That all poles used in the construction and operation of said electric road, shall be placed within the curb line of the streets herein designated as officially established by the Board of Trustees of the City of Glendale, and the outer edge of the poles shall in all cases be set as near the inner edge of the curb as practicable, when not otherwise directed by said Board of Trustees, and the wires suspended from said poles, shall not at any point be less than twenty-two (22) feet above the top of the rail. All poles shall be of tubular steel or of suitable wood, of a size and kind such as are ordinarily used for similar purposes in the State of California, and shall at all times be kept free from rust and painted in a uniform color; that wherever said railway is double tracked, then the tracks shall be placed thirteen (13) feet from the center line to center line, and in case of a single track shall be located as directed by the Board of City Trustees of the City of Glendale.

That any neglect, failure or refusal to comply with any of the conditions of said franchise, after thirty days' notice given by the Board of Trustees of the City of Glendale, shall thereupon immediately, ipso facto, effect a forfeiture thereof, and the said City, by its Board of Trustees, may thereupon declare said franchise forfeited, and may exclude said grantee, or its assigns, from further use of the streets of said City under said franchise, and said grantee or its assigns, shall thereupon and immediately, surrender all rights in and to the same, and the said franchise shall be deemed and shall remain null, void and of no effect.

NOTICE IS ALSO HEREBY GIVEN, that sealed bids in writing will be received for said franchise by the City Clerk of said City of Glendale up to eight o'clock P. M. of the 14th day of April, 1921. At the day and hour last mentioned, the City Clerk will, in open session, examine and publicly declare the same, and each bid shall be accompanied by a cash deposit of the amount of the bid, or a certified check for said amount, payable to the City Treasurer of the City of Glendale, certified to by some responsible Bank as a guarantee of good faith by the bidder; provided, however, that if in the judgment of the Board of Trustees, no adequate or responsible bid has been made, the Board of Trustees may withdraw said franchise from sale, or advertise for new bids. That at the time for opening said bids, any responsible person, firm or corporation, present or represented, may bid for such franchise a sum not less than ten per cent above the highest sealed bid therefor, and that said bid so made may be raised not less than ten per cent by any other responsible bidder, and such bidding may thereafter continue until finally said who must before such award is made deposit with the clerk at least ten per cent of the amount of his bid. Upon the franchise being awarded, all deposits made by unsuccessful bidders shall be returned. franchise shall be struck off, sold and awarded by said Board of Trustees to the highest bidder therefor,

NOTICE IS ALSO HEREBY GIVEN, that the grantee of such franchise must, within five (5) days after the awarding of such franchise, file with the City Clerk of said City, a bond running to the said City in the penal sum of One Thousand ($1000.00) Dollars, with at least two good and sufficient sureties, or a bond in said amount furnished by a responsible surety company, to be approved by the Board of Trustees, conditioned that such bidder shall well and truly observe, fulfill and perform each and every term and condition of said franchise, and that in case of any breach of the conditions of such bond, the whole amount of the penal sum therein named, shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon such bond. If such bond is not so filed, the award of said franchise shall be set aside, and in the discretion of said Board of Trustees, the said franchise may be re-advertised, and again offered for sale in the same manner and under the same restrictions as hereinabove provided, and the amount deposited by such bidder with his bid, shall be forfeited to the City as liquidated damages. The Board of Trustees hereby expressly reserves the right to reject any and all, or any or all bids for said franchise.

J. C. SHERER,
163t10 City Clerk.

ORDINANCE NO. 431

AN ORDINANCE OF THE CITY OF GLENDALE DECLARING THE INTENTION OF THE BOARD OF TRUSTEES OF SAID CITY TO CALL AN ELECTION IN THAT PART OF THE CITY OF GLENDALE CONTAINED WITHIN THE BOUNDARIES OF A PROPOSED MUNICIPAL IMPROVEMENT DISTRICT, TO BE KNOWN AS "MUNICIPAL IMPROVEMENT DISTRICT NO. 4 OF THE CITY OF GLENDALE," FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED ELECTORS OF SAID DISTRICT THE PROPOSITION OF AUTHORIZING THE ISSUANCE AND SALE OF BONDS OF SUCH DISTRICT.

WHEREAS, A petition was filed in the office of the City Clerk of the City of Glendale on the 3rd day of March, 1921, requesting that proceedings be taken in pursuance of an Act of the Legislature of the State of California, entitled, "An Act to Provide for the Formation of Districts within Municipalities, for the Acquisition or Construction of Public Improvements, Works and Public Utilities, for the Issuance, Sale and Payment of Bonds of such District to meet the Cost of such Improvements, and for the Acquisition or Construction of such Improvements," approved April 20th, 1915, and amendments thereof, for the purpose of acquiring and constructing works for distributing and supplying water to the inhabitants of such district, including the acquisition of lands, waters, water rights, easements, rights of way, structures, pipes, pipe lines, apparatus and all other property, and the constructing of mains, conduits and other works necessary for such purpose, and

WHEREAS, It appears and is hereby found that said petition is signed by not less than ten (10) per cent of the qualified electors residing in the territory which is proposed to be formed into the said Municipal Improvement District, and

WHEREAS, The public interest and necessity require that proceedings be taken as requested in said petition;

NOW THEREFORE, The Board of Trustees of the City of Glendale do ordain as follows:

SECTION 1. That it is the intention of the Board of Trustees of the City of Glendale to call an election in that certain proposed Municipal Improvement District having boundaries as hereinafter described, or as may be changed in the manner provided in the aforesaid Act, for the purpose of submitting to the qualified electors of said District the proposition of authorizing the issuance and sale of bonds of such district in the manner prescribed in said Act, approved April 20th, 1915, and amendments thereof, for the purpose of acquiring and constructing works for distributing and supplying water to the inhabitants of such District, including the acquisition of lands, waters, water rights, easements, rights of way, structures, pipes, pipe lines, apparatus and all other property, and the constructing of mains, conduits and other works necessary for such purpose.

SECTION 2. That the exterior boundaries of the proposed Municipal Improvement District to be known as Municipal Improvement District No. 4 of the City of Glendale, are bounded and described as follows, to-wit:

Beginning at a point where the northerly Right of Way line of the Pacific Electric Railway is intersected by the Southerly prolongation of the Easterly line of Lot 10 of the Hunter Subdivision of a part of the Rancho San Rafael as per Map of same recorded in Book 5, Page 395 of Miscellaneous Records of Los Angeles County, California; thence northerly along said southerly prolongation of the easterly line of said Lot 10 and along the easterly lines of Lots 10 and 7 of said Hunter Subdivision and the Northerly prolongation of said Easterly line of said Lot 7 to a line drawn 30 feet northerly from and parallel with the Northerly line of said Lot 7 of said Hunter Subdivision; thence Westerly along said line so drawn 30 feet Northerly from and parallel with the Northerly lines of Lots 7 and 8 of said Hunter Subdivision to the Southerly prolongation of the center line of Grand View Avenue; thence Northerly along said Southerly prolongation of said center line of Grand View Avenue and the center line of said Grand View Avenue to the center line of Mountain Street; thence northwesterly along said center line of Mountain Street to its intersection with the westerly boundary line of the City of Glendale; thence southwesterly southeasterly, southwesterly, southeasterly, northeasterly and southeasterly following the various courses of the westerly boundary line of the City of Glendale to a point on said westerly boundary line seven hundred and fifty (750) feet northwesterly measured thereon from the northwesterly line of Tract No. 646, as per map recorded in Book 15, Pages 162 and 163 of Maps, Records of aforementioned County; thence northeasterly in a direct line to the point of beginning.

That the proposed improvement in said District is the acquisition and construction of works for distributing and supplying water to the inhabitants of such District, including the acquisition of lands, waters, water rights, easements, rights of way, structures, pipes, pipe lines, apparatus and all other property, and the constructing of mains, conduits and other works necessary for such purpose; that the estimated cost of said proposed improvement is Twenty-nine thousand, five hundred dollars ($29,500.00) and the estimated amount of the incidental expenses in connection with said improvement is Five Hundred Dollars ($500.00.)

That on the 26th day of April, 1921, an election will be called in said District for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of bonds of such district to pay the cost and expenses of said proposed improvements;

That a map showing the exterior boundaries of said District with relation to the territory immediately contiguous thereto, and a general description of the proposed improvement are on file in the office of the City Clerk of the City of Glendale; which said map shall govern for all details as to the extent of the said district.

That the 31st day of March, 1921, at 8 o'clock p. m. in the Council Chamber at the City Hall, in the City of Glendale (that being the place where the regular meetings of the Board of Trustees of the City of Glendale are held), is hereby fixed as the date, hour, and place for the hearing of protests which shall be in writing, and filed with the Clerk of said Board of Trustees at or before said time of hearing, as provided for by said Act, approved April 20th, 1915.

SECTION 3. The City Clerk shall certify the passage of this ordinance by the Board of Trustees of said City, and cause the same to be published once a day for six days in the Glendale Evening News, a daily newspaper, printed, published and circulated in the City of Glendale and in said district.

DWIGHT W. STEPHENSON,
President of the Board of Trustees of the City of Glendale.
Attest: J. C. SHERER, City Clerk of the City of Glendale.

STATE OF CALIFORNIA, COUNTY OF LOS ANGELES, CITY OF GLENDALE—SS.

I, J. C. Sherer, City Clerk of the City of Glendale, do hereby certify that the whole number of members of the Board of Trustees is five (5), and that the foregoing ordinance was passed and adopted by the said Board of Trustees and approved by the president of said Board at a regular meeting thereof held on the 17th day of March, 1921.

In Witness Whereof, I have hereunto set my hand and official seal of the City of Glendale this, the 17th day of March, 1921.

J. C. SHERER,
City Clerk of the City of Glendale.

MILLIONS NEEDED TO DRAFT PAPERS

HEAD OF RAILROAD WORKERS SEEKS TO SHOW NO NEED FOR ABROGATION

CHICAGO, March 24.—Machinery to draft individual agreements between railroads and employes would cost rail workers $6,000,000 and require service of over five thousand men.

Bert H. Jewell, president of the railway workers department of the American Federation of Labor, made this statement before the United States railroad labor board today, as the opening shot of his plea against abrogation of the national agreements.

"If the national agreements were abrogated," said Jewell, "the matter of rules and working conditions would go back to the individual railroads and their employes. Enormous expense would be required in formulating and making operative the resultant agreements.

"The employes' conference committee on each railroad would be composed of at least one man from each craft at each point on the railroad.

Co-operation Suggested

"For the 107 roads the services of 5,168 committeemen would be required at a total daily expense of $65,760—or $5,918,442 for ninety days. This sum does not include additional expenses for stenographic work and printing."

Jewell presented a table showing the number of committeemen and the total expense for each railroad.

"Much of this enormous expense on both rail management and rail labor," declared Jewell, "as well as consumption of time of highly skilled and essential railroad officials and employes, would be eliminated by co-operation between management and standard recognized railroad labor organizations through creation of a conference committee authorized to represent corporations and the particular crafts."

Out of 455,776 railroad shop employes below rank of general foreman, 445,000 are actual members of craft organizations, according to Jewell.

The tool makers are the highest paid of any automobile workers, making from $50 to $70 a week, plus time and a half for overtime and holidays.

Battle For Control German Government

BERLIN, March 24. — German communists fought today for control of the government.

They instituted a reign of terror through mid-Germany. Looting, property destruction and twenty-five deaths followed the trail of demonstrations from the great shipyards in Hamburg to the mining regions in the south and even to the outskirts of Berlin.

Police fought the reds off but in some cases were overpowered by mobs. They were forced to entrench Eiselben. Hand grenades, rifles and machine guns were used in the fighting. Banks were robbed and public buildings dynamited. Mines were rendered useless. They were flooded or the railways torn out. Miners who desired to work were held off by red pickets.

Public officials appealed to the Berlin government for military aid.

The cabinet went into session with these appeals and read secret reports from the centers of disturbance. After long study the cabinet declared local officials appeared to be getting the upper hand and that martial law would be withheld.

Efforts were made to connect the Russian soviets with the uprisings. This connection was not proven, it was said, although the demonstrations were staged by sympathizers with the soviet cause.

With Hamburg as the peak of a triangle, the region covered by the demonstrations spread gradually past Berlin on one side and Halle on the south until it reached its greatest width in Saxony.

QUESTION OF IDENTITY

In the brave days of old before Volstead's name was listed in Who's Who, there was a certain farmer who formed the habit of celebrating on his monthly trips to town for his supplies.

One afternoon, at the close of one of these excursions, feeling weak and low, he stumbled to where he had left his team, only to find that someone had unhitched the horses and driven them away.

"Ezra Perkins," he said to himself sadly, passing a hand over his brow, "if you're Ezra Perkins you've lost a pair of durn good horses. But," brightening, "if you ain't Ezra Perkins you've found a durn good wagon."

PER

A LONG SENTENCE

"Do you take this woman till death do you part?" demanded the parson.

"Don't I get any time off for good behavior?" retorted the bridegroom cruelly.

Labor Crisis Facing Officials In Mexico

MEXICALI, Lower Cal., March 24. —A labor crisis today confronted the new administration of the northern district of Lower California. Unemployment has resulted in bread lines and food rations.

Epigmenio Ybarra, the district's new governor, and his cabinet are struggling to ameliorate the grave labor conditions. Those desiring to depart are given free transportation by automobile or steamer to various southern district points, including La Paz, Santa Rosalia and Guaymas-where jobs are open in the mining regions.

The hungry and needy men remaining are receiving $1.50 worth of rations daily for themselves and families from the administration. Bread lines are forming just across the international line within a stone's throw of the United States customs house.

Temper of the jobless so far has been optimistic and appreciative.

Plans are being formulated to furnish employment by means of public improvements with district funds.

Many orientals are leaving for their homes. Number of them have been bonded through the United States to San Francisco vessels.

SUPERSTITION IN CALENDAR

The Chinese calendar was adopted by the Japanese centuries ago, and they still take account of it, though they now generally use the Gregorian calendar for computing time. But even so their era is not the Christian era, but dates from the beginning of the reign of Jimmu Tenno ,the divine, whom the Japanese count as the first of their Imperial line, and who is said to have ascended the throne, 660 B. C. Thus the Gregorian current year, 1921, is the year 2581 in Japan. Time is also measured arbitrarily by the reigns of emperors, the present year being Taisho 10, or the tenth year of the reign of the present emperor.

The Chinese zodiac, however, figures largely in Japanese superstition. As there are 12 animals, the years are counted off in cycles of 12; and the same animals are also associated with days and hours, in cycles of 12. The attributes of the astrological animal governing the year of one's birth are supposed to attach to one.

Similarly the animals, in their cycle, bring good luck or ill luck, in connection with events occurring on certain days.

Ninety-seven thousand Michigan farmers have joined the state farm bureau. Delegates from all but seven of the state's counties attended the second annual meeting held recently.

Denounces Methods Used By Officials

SEATTLE, Wash., March 24.—Thrown in jail in Shasta county, California, it is alleged, because they swore deputy sheriffs of that county used a gun and fists to force a man to confess to murder, Gerald Callahan and George Dewey Davis, both of Seattle, are to be befriended by the Seattle Bar association.

At the instance of Frank A. Steele, local attorney, the association last night denounced the alleged methods of the Shasta county district attorney and appointed a committee to take whatever steps they can to assist the men.

According to Steele, Callahan and Davis, passing through California, saw the incidents to which they made affidavits and later went to California to save William Norris, alias Arthur Owen Davis, from a death sentence on a charge of killing a town marshal. They were jailed on a perjury charge.

ORIGINS OF OLD SAYINGS

"A Red Letter Day" is an expression which arose out of the old ecclesiastical calendar, in which festivals and high holidays were printed in red ink. These important days consequently became known as "Red Letter Days"—hence the term today.

"Murder will out" is a phrase which Geoffrey Chaucer originated, although in the first instance it was spelled "Mordre wol out."

"Truth is stranger than fiction" is a well-used saying, and perhaps it is not generally known that it was originally employed by Byron in his "Don Juan."

"Escaped with the skin of my teeth," it is interesting to observe, originates in the Bible—Job, chapter 19, verse 20.

"Necessity is the mother of invention," is well over two and a half centuries old. These well-worn words were first found in Franck's "Northern Memoirs," written in 1658.

"Eaten out of house and home," a phrase, in view of the present price of food, undoubtedly repeated by worried housewives(was originated by Shakespeare in his "Henry VI."

"Anything for a quiet life" is an expression which arose from a play by Middleton, bearing that title. "To turn over a new leaf," by the way was first used in the same play.

A different odor for every frock is the latest fashionable idea of Parisian dressmakers. A pink creation should give out the delicate scent of roses, while lily of the valley is considered more appropriate for white gowns. The scent is sewed into the seams of the frock.

Mrs. Amy Mage And Son Visiting Here

Mrs. Amy L. Mage and son Jack of Seattle, Wash., are enjoying the winter season in southern California at the home of her parents, Mr. and Mrs. B. H. McFadden of Canada boulevard and Wabasso Way in Verdugo Woodlands. Jack is keeping up with his studies by attending Glendale Union High school where he is specializing in science.

The McFadden home is one of the most beautiful in the canyon and at present Mr. McFadden is devoting his time to improving the sunken gardens which are one of Glendale's show places.

"I have joined the Flintridge and Sunset Country clubs," he states, "and I haven't had time to find out what is going on at either one as yet."

"You say this doctor has a large practice?"

"It's so large that when a patient has nothing the matter with him he tells him so."

Mr. and Mrs. Roland In Beautiful Home

Mr. and Mrs. S. L. Roland have just moved into their beautiful new bungalow at 2207 Canada boulevard in Verdugo Woodlands. It has six spacious rooms and is an attractive Spanish type that gives an air of distinction to its foothill setting. A patio on the south side will soon be blooming with the flowers which are to be found in an old Spanish garden.

Mr. Roland, who is secretary of the Metropolitan Loan association in Los Angeles, is presently improving the grounds about the home with a terraced lawn which will be watered by automatic sprinklers. The interior of the house exemplifies the latest in decorative schemes and needless to say Mrs. Roland, who has been a resident of Los Angeles, is more than pleased with the delightful surroundings.

Favors Repeal Of Vaccination Measure

SACRAMENTO, March 24. — The senate health and quarantine committee last night passed out favorably the bill to repeal the compulsory vaccination law.

The Fellom measure asking the establishment of the office of public defender was tabled by the assembly judiciary committee. Action was postponed on the Hornblower bill to modify the criminal syndicalism act.

No person may become a candidate of more than one political party in a measure passed out without recommendation by the assembly elections committee. A lively scrap is expected when the measure is brought on the floor.

The joint senate and assembly committee on education voted out the measure proposing to make normal schools of California teachers' colleges under the supervision of the state board of education.

BRISK INCREASE IN LOCAL BUILDING TO CONTINUE

BENTLEY-SCHOENEMAN CO. IS GETTING OUT PLANS FOR NEW STRUCTURES

In speaking of the immense amount of building that is being done in Glendale just now, George H. Bentley of the Bentley-Schoeneman Lumber company says his firm is doing 100 per cent more business now than last year at this time, and last year's business far exceeded that of any previous year. And there is every indication that building is going to continue as brisk as at present.

"Our service department is busy getting out plans for several bungalows and business blocks that are to be erected immediately," said Mr. Bentley.

Mr. Bentley says he is of the opinion that prices of building materials have reached the bottom and that if there is any further change this year he thinks they will go up again. Reductions in prices over a year ago are considerable, he says, and this is one reason for the increased building activity.

The Bentley-Schoeneman company has recently added a three and one-half ton White truck to help care for the increased business.

DeKalb County Folk To Picnic Saturday

All who ever lived in DeKalb county, Illinois, are invited to meet for the eighth annual picnic reunion, Saturday, March 26, in Sycamore Grove, Los Angeles. Coffee will be served. Election of officers and brief program about 2 o'clock.

THEY ATTAIN GREAT HEIGHT

Stories are common among the lower civilized tribes, to the effect that men have lived who have measured fifteen feet in height. Og, king of Bashan, is said in Deuteronomy (III., 11) to have been the last of the giants. His bedstead of iron was nine cubits, or between eleven and thirteen and one-half feet in length. Pliny mentions the name of an Arabian giant who measured nine and one-half feet, and also speaks of two others who were ten feet in stature. The following list of men whose real height is well known shows that it is possible for individuals to go far beyond the average height of the human species, which is sixty-five inches.

Magrath, Bishop Berkeley's giant, ninety-two inches; Patrick Cotter (1761-1804), or O'Brien, ninety-nine inches; Charles Byrne, Irish giant, 100 inches; Topinard's Kalmuck, 100 inches; Winkelmaier, Austrian (died 1887), 103 inches; Topinard's Finlander, 112 inches.

TAKE PARTIES OUT OF SCHOOL, PLEA BY EDUCATOR

POLITICS AND EDUCATION DO NOT MIX, IS STATEMENT OF P. P. CLAXTON

Washington.—Politics and education don't mix, P. P. Claxton, federal commisioner of education, contends. Their association in state school systems is bad for both, he finds and the sooner they are permanently divorced "the better it will be for education and all that is dependent on it."

"Our political parties do not differ in regard to educational principles or practices any more than they do in regard to the Ten Commandments and the moral code," the commissioner said in a statement arguing that point. Wise and effective administration of a system of public schooling that has "just growed up" like Topsy, but now involves an average expenditure of $25,000,000 a year by each state, requires ability and devotion, he said, and should be "wholly separated from and independent of partisan politics."

Uniform System Proposed

To reach this end, the commission outlined a uniform system which might well be adopted, he said, in all states. This would include a nonpartisan, nonprofessional elected or appointed state board of education, "made up of men and women of affairs" and representing flatly all sections of the state. The seven to nine members would serve seven or nine-year terms with one term expiring each year. No member to be elegible to reappointment in order to bring in new blood. Members would be nonremovable except for cause and the board would elect its own chairman and its members receive a "liberal" per diem instead of salary.

"Large salaries," Mr. Claxton said, "would tempt members to try and earn their salaries by meddling with executive details properly belonging to employes of the board," and, he added, would attract "men and women of small ability to the jobs.

Exercise General Control

The board should exercise general control over all state education institutions of every kind except, possibly, universities or colleges, the commissioner holds. Its functions should be "wholly legislative," however, and its members undertake executive work only in specific cases assigned by the board.

An elected or appointed commissioner should be the executive officer and secretary of the board, his selection and appointment by the nonpartisan board itself being desirable in Mr. Claxton's judgment. A well selected and adequate staff for the commisioners's office would also be required and the responsible department of education thus set up become the leader in all educational matters.

"It is neither safe nor good that the leader be weak or blind," Mr. Claxton said. "Where there is no vision, the people perish; where there is weakness in the place of strength, there can be only stagnation and death where there should be progress and life."

NO LONGER MADE LABORIOUSLY

The wick is to the candle what the burner is to gas, says a recent trade bulletin. In the manufacture of candles the wick has always received considerable attention. This was true before the year 1820, when the wick was made of twisted cotton yarn. With this type of wick the charred and glowing end required the services of a snuffer. Braided or plaited wicks were introduced about 1825 and the snuffer became an ornamental accessory, as it was no longer a necessity.

The wick is soaked in a solution of certain chemicals, ammonium phosphate, potassium chloride and sal ammoniac being among those used. The object is to prevent the wick from smoking, and also to retard the combustion of the cotton. The molding machine is merely a development of the idea of the old candle mold which at one time formed part of the regular equipment of every household, in the days when candles, like soap, were made at home. The modern molding machine consists of a series of molds in a bath of water. Each mold receives a wick and is filled with the molten candle material.

In the regulation of the temperature of the water in the bath during the process lies the secret of the art of making candles. When sufficiently set the candles are mechanically expelled from the molds by machinery on the piston principle, a series of pistons rising up and lifting the candles out.

FIRST BED BLANKET

There was a time when a blanket was unknown, and we owe its invention to poverty. Years ago a man in England lost all his wealth and became very poor. One cold winter night in 1340 he used a piece of rough, unfinished cloth for a bed covering to keep himself warm. Evidently neither his poverty nor cold made him dull, for from this makeshift bed covering he invented the blanket. The name of this man was Thomas Blanket, and the new kind of bedding has been known under the name of blanket ever since.

No Cut In Wages To Go Without Sanction

SAN FRANCISCO, March 24.—Indicating the western railroads will not attempt to force the issue by putting through their announced wage reductions before action by the United States railroad labor board, E. W. Mason, general manager of the Western Pacific railroad, announced today that his road had been unable to come to an agreement with its unskilled employees but that no cut in wages would go into effect without official sanction of the labor board.

As the Western Pacific policy is considered closely allied to that of the Southern Pacific, it was assumed that the Southern Pacific will follow the lead of the Western Pacific in allowing its wage cuts, announced for April 16, to wait until after the labor board has considered the case if it cannot come to an agreement with its employees.

"After a two-day conference we have been unable to come to any agreement with our men," said Mason, "and the matter will now be put up to the labor board for its decision.

"The men refused to make any concessions," he continued, "in the matter of wage reductions. As the company thinks it is essential to reduce wages, we have no other option than to turn the case over to the labor board.

"We will not cut the wages of the unskilled employees on April 16, if the labor board does not O K the move before that time."

This action removes the possibility of a strike on April 16, it was generally believed.

Representatives of the men stated that their organizations could not stand a cut as great as that proposed by the road but that they were willing to make some sort of a compromise agreement.

As this compromise agreement was not acceptable to the railroad officers, the men threatened to strike if the 25 per cent cut in wages scheduled for April 16 were put into effect.

Throwing anything which would injure tires of motor vehicles into the streets of Cleveland, O., is an offense, and subject to fine and imprisonment.

Mental Cruelty Is Alleged In Divorce

LOS ANGELES, March 24. — Orlando Harriman Van Rensselaer, favorite nephew of the late E. H. Harriman, railroad magnate, is charged with "mental cruelty" in a bill of divorce filed here today. Mrs. Minnie L. Van Rensselaer, complainant, is one of the heirs of the late Mrs. Anna Ingland Van Rensselaer, sister of the railroad king, who left an estate valued at $150,000.

"The principal cause of our disagreement has been my husband's incompatibility of temper," said Mrs. Van Rensselaer.

They have three children.

TOLD IN RED MAN'S LEGEND

According to the legend of the Chippewa Indians, Menaboshu was the creator of all things. He avowed one day that he would make the earth. He rounded the soil between his powerful hands until it grew into a great ball. Then Menoboshu mixed water with the soil to form mud, and besides, molded it about a great rock, when, behold—a still larger ball, says Gershom Crane in the Boston Transcript. Menaboshu then undertook to devise the living things which dwell on the earth. The first bear escaped from its maker, leaped to the earth and bounded straightaway across the North American continent. But the land where the sprawling bear's huge paws struck the earth was still so fresh and soft that they left deep tracks.

These deep marks quickly filled with water. Scarcely had the frightened bear bounded away when the beautiful lakes—Superior, Michigan, Huron, Ontario and Erie—appeared, full to the brim. They are as old as the first bear's tracks.

The creator now hastened to make rain. At sight of the water filling the lakes he began to fear lest the soil again fall in a heap; and he caused the rain to fall from the sky so long that the lakes overflowed their shores. And the water from Superior, seeking the level, flowed toward Erie, the track of the foot which struck first and settled under the bear's weight much lower than the others—the water, on its way to the sea, dropped abruptly from Ontario into Erie. And lo! the falls of Niagara!

Prize Fight May Now Be Permitted

NEW YORK, March 24.—Without its loud gold clothes Tex Rickard's fight infant probably will be permitted into more polite circles.

Since the Dempsey-Carpentier battle has turned from a colossal money grab into a sane business proposition, much of the public's animosity will be removed.

With Dempsey and Carpentier on an agreement to box for sixty per cent of the gate receipts instead of a half million dollars, Rickard might even be able to work Governor Miller's frown into a smile.

The objection of the New York state executive and the boxing commission was chiefly over the size of the purse that Rickard first offered. Of course, under the new agreement the principals might get even more than the sum originally guaranteed but it is considered better business to give them what the public thinks they are worth as registered at the box office. Even if Governor Miller would allow the commission to approve of the bout, Rickard yet has that $15 top price limit to get over. It is extremely doubtful that the commission will either suspend or rescind that ruling.

HOLIDAY NEEDED

Lily Roselip was the pretty little cashier who paid out all the boys every Friday.

One day she went up to her employer.

"Sir," said she, "I must get my health back. My beauty is beginning to fade."

"Why do you think so, my dear?" inquired the employer in a kindly tone.

"The men," said Lily, "are beginning to count their money when I pay them on Fridays!"

In order to relieve the congested state of the wool market, which is causing a great deal of unemployment, British interests are forming what will be known as the British Woolen Trades Export corporation. The corporation will cooperate with the government and will work in conjunction with produce and raw material concerns to extend credit facilities and to effect an increase in the interchange of manufactured goods.

Held For Probe In Death Of Army Major

NEW YORK, March 24.—Captain Robert Rosenbluth, author and former officer in the United States army, is under arrest here today in connection with the death of Major Alexander P. Cronkhite, who was shot on October 25, 1918, at Camp Lewis, Wash.

A military investigation found at the time that Major Cronkhite accidentally killed himself. On the return from France of Major General Cronkhite, the major's father, the department of justice reopened the case. The body was exhumed and it was established that the dead officer has been shot in the back, the wound impossible of self-infliction.

On March 19, last, Sergeant Roland Porthier was located and before a court martial pleaded guilty to a charge of involuntary manslaughter. He claimed that his gun was accidentally discharged during target practice and that the bullet struck Major Cronkhite. He is said to have implicated two others. At the time it was rumored that an enemy of the major and a brother officer was hidden in a clump of bushes at the time of the shooting.

FIRST EFFORT ON TYPEWRITER

Mark Twain appears to have been the first distinguished author to purchase a typewriter and a letter typed by him to W. D. Howells, December 9, 1874—the very day the machine reached him—is still extant.

"I don't know," Twain said, "whether I am going to make this typewriting mahine go or nto; that last word was intended for n-not; but I guess I shall make some sort of a success of it before I run it very long. I am so thick-fingered that I miss the keys. You needn't a swer this, I am only practicing to get three—another sli-up there; only practicing to get the hang of the thing. I notice I miss fire & get in a good many unnecessary letters and punctuation marks. I am simply using you for a target to bang at. Blame my cats, but this thing requires genius in order to work it just right."

Good road advocates of Alabama are putting across a 12-year $50,000,000 building program, using as their slogan, "The heaviest tax the farmer pays is the mud tax."

Southern California

Publicity Campaign

Southern California hotel men are starting a publicity campaign booming this vicinity as a summer resort. In fact, it usually is pleasanter here during June, July and August than elsewhere in the western states, and there is no reason why Utah, Nevada, Arizona, New Mexico and Texas should not turn thousands this way for the balm of the ocean breezes.

Cuts Running Time

Auto running time between Phoenix and Los Angeles was cut to thirteen hours and sixteen minutes elapsed time yesterday by a Studebaker light six. The trip was officially checked by government postal authorities. More than an hour was lost in stops due to tire trouble and awaiting passage at the Blythe ferry across the Colorado river.

Easter Egg Search

The Juvenile Protective association will be the host and hostess at an "egg scramble" in LaFayette park in Los Angeles, Saturday afternoon. Six thousand Easter eggs will be hidden for the kiddies' hunt.

Bert Smith, Hero

Walter Raub, a professional balloonist, fell into the Pacific at the Bay Cities exposition at Santa Monica yesterday. He was rescued by his publicity man, Bert Smith. That's the best thing we ever heard about a publicity man.

Will Hear Claims

The Pasadena postmastership is to be decided at a meeting of the Republican club there the latter part of this week, and recommendation made to Congressman Walter F. Lineberger. J. W. Wood, MacD. Snowball, W. F. Knight and Frank Robinson are mentioned for the job.

May Grant Divorce

Judge Walton Wood of Los Angeles has indicated that he will grant a divorce probably today to Mrs. Vivienne Cabanne, wife of W. Christy Cabanne, noted motion picture director. Mrs. Cabanne charged cruelty and declared her husband insisted on another woman living in their home. A property settlement, signed by the Cabannes and filed in court, provides that she is to receive $5000 when the decree is granted and $200 a week alimony.

Widow Sues Farmer

Fred A. Herman, said to be a wealthy farmer of Mason City, Ia., is defendant in a $25,000 breach of promise suit on file in Los Angeles today, brought by Mrs. Martha Mayo, a widow.

War Veteran Dies

Judge Milford H. Donoho, veteran of the Civil war and the Black Hills Indian wars, jurist, author, and member of the Kansas bar, died yesterday at his Los Angeles home, aged 77. He served as scout with Buffalo Bill and was appointed as a member of the military delegation to confer with Red Cloud and Crazy Horse and other Sioux chiefs at Cheyenne.

Oh, Beautiful Boy!

At Santa Ana High school the students are going to select the most beautiful boy. After they decide who he is, they are going to crown him. Will it not be a crown of thorns to be dubbed "the beautiful boy"?

Open Mouth, Willie!

A court order was issued by Judge Weyl yesterday instructing Willie Abrahams of Los Angeles to take cator oil or any other medicine his mother should offer him. Well, Willie, castor oil is a bit worse than sulphur and molasses.

Its Official Sport

Pomona has made "horse shoes" its official sport. Long Beach, Glendale and Pomona ought to form a "quoit league." And while the old timers are whiling away the day that way, the Pomona people are in the midst of a blue law fight that is making the air blue and everyone seeing red.

Burbank Disrupted

Burbank is split up the middle over the reorganization of its chamber of commerce. Its citizens have lined up pretty equally and with the American City bureau trying to do something on the one side and the Rev. H. Avery of the Methodist church trying to stop them. The latter says "Let well enough alone." The former's slogan is "Do something better." And in the meantime Glendale will be marching forward.

Senators will use the famous "marble room" adjoining the senate chamber as a lounging place. The chamber is to be barred to visitors.

MANY WOMEN USE GLYCERINE MIXTURE

Glendale women will be surprised at the INSTANT pleasant action of simple glycerine, buckthorn bark, etc., as mixed in Adler-i-ka. One spoonful relieves ANY CASE gas on stomach or sour stomach. Because Adler-i-ka acts on BOTH upper and lower bowel it often cures constipation and prevents appendicitis. One lady reports herself CURED of a bad case of bowel trouble and constipation.—Roberts & Echols, druggists.

DISPLAYS PORTRAIT STUDIES IN OLD ADOBE HOUSE

W. J. M'CLUSKY SHOWS NUMBER OF PICTURES FOR BENEFIT OF VERDUGO VISITORS

More than a score of portraits—a miniature art gallery—will soon be displayed in the living room of the "Old Adobe" on Opeechee way in Verdugo Woodlands for the benefit of the hundreds of tourists who are escorted there daily by the F. P. Newport company, which is developing a second Hollywood in the foothills.

They are the work of W. J. McCluskey, a Los Angeles artist, who is recuperating at the home of his daughter, Mrs. Robert Russell. She and her husband are in charge of the "Old Adobe," where Spanish dinners are served the visitors to the tract. Mr. McCluskey was thrown from the bicycle which he was riding about a month ago and suffered such severe injuries that he was forced to temporarily close his studio in the Egan Little Theatre building on Figueroa street in Los Angeles.

Among the portraits to be displayed is one by Mrs. A. B. McCluskey, who died several years ago, and it is called "Waiting." It shows a little girl ready for the theatre, looking up a stairway in the expectancy of her mother accompanying her. When this portrait was exhibited in Champs des Elysees salon in Paris in 1893 it created much comment among the critics.

Excellent Character Study

Another work shows the first ambulance driver of the Los Angeles county hospital. He is a Spanish type that Mr. McCluskey found to be an excellent character study.

In addition to the portraits, numerous curios of the hacienda days in the Verdugo foothills are on display, which will be well worth seeing. The exhibit will be thrown open to the public the early part of April, according to Mr. Russell.

Speaking of the many improvements being made in Verdugo canyon at this time, Mr. McCluskey states that the upbuilding of that section will not in any way destroy the natural beauty. If anything, it will lend color to the artistic effect, in his opinion. Especially will this be true in the hours of dusk when the sunset rays reflected on the clouds spread over the hills dotted with well lighted home places which will sparkle like jewels.

Le Grand Citizens Will Enjoy Outing

The former citizens of LeGrand, Marshall county, Iowa, will hold their second annual picnic, Saturday, March 26, in Lincoln park, Los Angeles, on the site of the Marshall county headquarters at the recent Iowa picnic. Everyone now living in California or visiting here who ever lived in LeGrand is invited to come. Coffee will be provided on the grounds.

Judge John A. Plummer of Stockton and Honorable Ross L. Hammond of Riverside and Hiram Hammond of Los Angeles will speak. J. C. Hisey of Kansas City will be master of ceremonies. The committee is Maggie Hammond Salisbury, Ed Emery, Dr. Chas. Reiterman, W. W. Benedict and Nellie Willetts Keene.

NO HOUSE SHORTAGE ON FARM

In support of the Federal statistics that the country is losing its population to the city, comes the report from Michigan that 2,000,000 acres of farms were abandoned in that state in the last few years.

The story is that Michigan has 18,232 idle farms and 30,300 vacant farm buildings. Farm labor has come into the city to seek fortune, which it has heard awaited anyone who was willing to do a little work. With no labor the farm had to be closed and the farmer and his family were not entirely displeased to get away to the city.

What is true of Michigan is true of other states. It has been a factor in making acute the housing situation in the cities.

GLENDALE IS PLACE IN WHICH DREAM COMES TRUE

C. H. THOMPSON OF THIS CITY BUDS POETRY AND THEN HE GIVES EVIDENCE

C. H. Thompson, insurance man, 131 North Brand, declares that Glendale is "the star performer in the land where dreams come true." He says:

"If you never could write poetry in the old town, just come to Glendale and you can't help it."

Having said that, Mr. Thompson writes the following:

GLENDALE
By C. H. THOMPSON

This land I have sought from my childhood,
Where the winters are balmy as spring.
Where the summer is cool as the wildwood,
And the heart is joyous to sing.

Where the eye can rest on the mountain,
Whose crest is eternally white;
Or scan the wide range of the ocean;
Sublime, inspiring the sight.

Where orchards are ripening in sunshine,
As soft and mellow as wine;
Putting sweetness into the orange,
And grape that cluster the vine.

Where the air is laden with fragrance,
From garden and flower and tree.
O California! Your beauty enchants me,
With mountain and valley and sea.

TWAIN'S CABIN IN DESERT

In a lonely gulch in Nevada's desolate desert region stands one of America's most interesting literary relics—the old cabin of the late Samuel Langhorne Clemens, better known as Mark Twain. It is situated in a place called Aurora, which boasts of a population of a score or so, mostly old men. It was here that Mark Twain lived and toiled and starved while he evolved "Roughing It." But for the cheerful spirit of the humorist, who originally helped to put it on the map, its entire population would doubtless long since have wandered away into oblivion.

In his ramblings Twain never passed by a good-looking tin of fruit with a bright label, and in a corner of the cabin, carefully covered, he had a pile of them. At mealtimes, especially if he saw anyone passing, he would nonchalantly toss two or three out of the window. The natural assumption was that he was preparing his regular feast, and while he actually subsisted on sparse crusts the populace envied him his supposedly well-stocked larder. Eventually his ruse was discovered. In those days a square meal was a luxury to Mark Twain, but his pride never deserted him, and none knew when he hungered.

TOOK IT PHILOSOPHICALLY

A retired sea captain, who lived in Orland, Me., was inordinately fond of his garden and very proud of its neat and well-kept appearance. One Sunday he returned from church and found five hogs busily engaged in wrecking his garden—the finest garden in all Orland.

Leaning on the fence, he looked long and earnestly at the result of their depredations, and his wife shed a few tears. The passing neighbors paused to look, and many a furtive glance went to the face of the captain to see how he was taking it. At last he heaved a deep sigh and put his hand on his wife's arm.

"Never mind, Polly," he said. "You can never lay dirt to suit a hog."

GLENDALE MAN'S STORY ON SCREEN

H. H. VAN LOAN WILL MAKE PERSONAL APPEARANCE AT THEATRE TONIGHT

At Glendale theatre tonight, following the showing of Eugene O'Brien's latest picture, "The Wonderful Chance," H. H. Van Loan, the author and a resident of Glendale, will be introduced to the audience. Mr. Van Loan is one of the foremost writers for the screen and has had over fifty of his stories successfully produced. Sixteen stories is his record for last year. He is the author of "The Virgin of Stamboul," "The Great Redeemer," "Vive La France," "The New Moon" and others. He is equally well known as a short story writer, and from four years' work as London correspondent for a great New York daily.

Out of compliment to Mr. Van Loan the Board of City Trustees will adjourn early tonight and attend the theatre in a body, it is announced.

Manager Howe also states that the directors of the Chamber of Commerce have signified their intention of being present.

Eugene O'Brien has never appeared to better advantage on the screen than in his current Selznick production, "The Wonderful Chance." As the crook who tries to go straight but swerves from his intention in order to grasp "the wonderful chance," this popular star gives a performance that is notable in every respect.

"Where Black Is White," a scenic; Pathe News and a Century comedy round out the big two-day program, while Madame Clement at the organ plays "Perfect Day."

WHAT DID THEY EAT?

The little girl was watching her mother sprinkling her furs with a protective powder and placing them away in safety. "What do you do that for, mother?" "To keep the moths away, dear." "Why?" "Because moths eat clothes, dear." "Were there moths in the Garden of Eden when Adam and Eve lived there, mother?" "Of course, dear." "Well, what did they eat?"

An Illinois farmer found a pearl between the toes of a hog recently. The gem was sold for eight hundred dollars to a local jeweler. The unusual find is explained by the fact that the farmer had been feeding his swine mussel meat, which he had obtained from clam diggers.

James F. M'Bryde Heads Anti-Jap Drive

Entering the second week of an intensive membership drive in Los Angeles county, the Japanese Exclusion League of California, which is engaged in a campaign to defeat the efforts of the Japanese to nullify by National legislation the anti-alien law, announces that more than one-third of the local quota of $30,000 has been subscribed.

Organization work has been completed and there are now more than fifty district committees working in the various cities and large communities of the county. It is confidently felt that the county will go over the top.

In Glendale James F. McBryde has been appointed chairman of the drive committee.

John S. Chambers, state comptroller and executive chairman of the league, has announced that a fund of $200,000 is to be raised in the state for the purpose of disseminating propaganda in eastern states where the Japanese are spending $5,000,000 to defeat the anti-alien land laws.

The quota for Los Angeles county is $20,000. San Francisco is reported going over the top with a quota of $60,000, and it is felt that Los Angeles county, with its great population and the alarming menace from Japanese invasion, will have little difficulty in raising $30,000.

Louis G. Guernsey is county chairman and associated with him on the county committee are O. A. Vickery, former president of the Los Angeles Realty Board; B. R. Holloway, Dr. F. S. Swearingen, James F. McBryde, Robert M. O'Neill, Dailey S. Stafford, Allen N. Bixby, William J. Walsh, A. B. Hassell, Captain Walter Brinkop, Leo Daze and C. Robert Weber.

On the state executive committee are United States Senator James D. Phelan, Buron R. Fitts, Mrs. Aaron Schloss, William I. Traeger, H. C. Lichtenberger and others of prominence.

Many Undernourished Children Given Milk

PITTSBURG—As a result of the sales of Red Cross salvage store and the donation of 25 per cent of the receipts of one day's sales at the Palace of Sweets the serving of milk to sixty undernourished children was commenced at the Primary school. The milk will be distributed daily by Mrs. Latimer as long as the money holds out. While this milk is served to deserving poor children of the schools, parents of other children can secure milk at the rate of 15 cents a week when the children are taken to the primary school at 9 o'clock each morning.

REAL LOVE STORY AT PALACE GRAND

JANE NOVAK AND HOUSE PETERS ARE FEATURED IN STORY OF GREAT NORTHWEST

Sergeant William McVeigh of the mounted police, as played by House Peters in James Oliver Curwood's greatest tale from the haunts of the Canadian wilds, 'Isobel" or "The Trail's End," provides a hero that should attract record-breaking throngs to the Palace Grand theatre today and tomorrow.

It is an alluring love story directed by Edwin Carewe with Jane Novak playing opposite the hero. The Georgeon snow forests and the white wastes tracked only by an ocasional Indian runner or Eskimo dog sled tells the story of the life faced by the mounted police.

Larry Semon, in his latest comedy, "The Sportsman," is a treat offered in the way of fun while the usual features will be seen and an especially good program presented by the orchestra. It includes "Gems," "Love in Lilac Time," "The Arabian Yogi Man" and "Pining."

Montana Farm Lands Being Rid Of Weeds

HELENA, Mont. — Weeds are doomed. Members of the house committee on agriculture of the Montana legislature have introduced a "weed" bill which the urban members jocularly refer to as "the weeds."

It provides for appointment of a weed commissioner by county governments for work in rural districts, at the pay of a road supervisor; and by city councils at the pay of a street commissioner, to eradicate weeds.

The weeds particularly sought in the bill are the Canadian, Scotch bull and Russian thistle, fanweed and quack grass.

Under this measure the weed commissioner is empowered to remove weeds from farm lands in the country and vacant lots in the cities and charge the cost to the owner, who will find the bill on his tax rolls.

When the weeds infest a growing crop the farmer may escape the cost of eradication by notifying the county authorities of the jeopardy to his crop and his willingness to eradicate the weeds after harvest.

Where Credit Is Due For Hopeville Board

Editor The Evening News—Mrs. Harry Greenwalt, curator of the parliamentary section of the Tuesday Afternoon club, who was in charge of the skit "The Hopeville Board," as presented by the parliamentary section on Tuesday, and to whom credit is due for her untiring efforts for the success of the performance, was presented with a floral offering by Mrs. J. T. Crampton, on behalf of the section, with this sentiment:

"Madam Mayor, allow me, on behalf of the board of trustees of Hopeville, to present these blossoms as a small token of our esteem. The beauty of these blossoms symbolizes the beauty of your character. Their brightness signifies the light that shines through your influence. Their fragrance typifies the good deeds you have done and always will do in the service to mankind. These will perish, but your good works will live on."

To every member who had any part in the performance equal credit is due for their splendid co-operation.

In English factories ropes superseded belting years ago and today their use is almost universal. For some time the factories of the United States have been increasing the use of fibrous material in belting. It is said to possess the advantage of noiselessness owing to the existence of an air passage in the grooves between the sheath and the rope.

England's Birth Rate Highest On Record

LONDON—The number of births in England and Wales in 1920 is the highest ever recorded and the death rate the lowest.

These are two of the remarkable comments made by the ministry of health in their report of last year's births and deaths.

In England and Wales the birth rate per thousand of the total population was 26.44, and the deaths under one year 80 per 1000 births.

"One reason for the higher birth rate is to be found in earlier marriages," said Dr. Mary Scharlieb, a famous woman doctor.

"The war has acted as a stimulus in this direction. Young couples are readier to marry than probably they ever were. The man who was cut off from all home life during the war came back yearning for a home, wife and children of his own.

"Earlier marriages not only usually mean more children, but stronger children, and the benefit of these marriages can already be seen in the higher birth rate."

The forest service of the United States department of agriculture has about twenty male buffaloes of varying age and size which it desires to give away or lend to zoological or park associations. Responsible individuals may also take advantage of this offer provided they take good care of them and use them for exhibition purposes and breeding.

Clayton Clanin Kept Busy By Little Ad

Clayton Clanin of 417 North Maryland avenue is an auto mechanic. Keeping busy is his hobby.

Here is how he conducts a telephone-mail order business.

Every day there appears in the classified columns in The Glendale Evening News his advertisement for work wanted.

"I average three calls daily from this little, inexpensive want ad,' said Mr. Clanin. "I always have work scheduled ahead and my time is my own."

There are many other lines in which this same system can be followed if book-keepers, stenographers, repair men and others who can do special work on their own time will advertise through the columns of The Glendale Evening News.
